

MY OVER ALL EXPERIENCE WITH TSAG & THE ENVIRONMENTAL STEWARDSHIP TRAINING PROGRAM SUMMER 2011

Presenter: Tyrel Samson AKA “Kihiw Awasis”
Samson Cree Nation
Youth Representative
November 1, 2011

WHEN WE GOT THERE....

The elder spoke to us & blessed our stay

We met new friends made groups & had a good rest, it was hard because it was a new place & far from home.

DAY 1 – WE WENT TO THE COLUMBIA ICE GLACIERS – NEVER SEEN ‘EM BEFORE!!!

Hey cousin, wait for me,
but hold this first ok???

I REMEMBER...

- The speakers that came and talk to us about there careers and what they do.
- There was a engineer, hockey player, and 2 biologist
- I remember what we did and where we all went and how much fun I had.

WHAT I LEARNED...

- I learned how an engineers work can be so difficult.
- I learned about biologist works and how many jobs there are in that field.
- I also learned where a jobs like those can take u.
- I also learned how much clean water there is in the world what we can do to persevere it.
- I also learned that there is only 3% of fresh water left in the world.
- I remember that I was 1 of the only guys there with my cousin Spencer. HmMMM.....

DAY 2 – WE WENT ROCK CLIMBING MAN!!!

Whatever you do, make sure its safe & attached on right!!! Or else.....

Day 3 – All about catching fish & Crawlers of all sorts!!! The girls went ughhh & we were divided into teams. Our team was the best LOL.

Finally we had some fun kayaking down the river.....

MY FAVOURITE SPEAKER...

- My favourite speaker was the engineer
- Because of what he did and how he got his job and it made him pursue his education.
- Another speaker that came and talk to us was a hockey player
- He told us about where he went who he played with.

MY FAVOURITE MEMORY...

- My favourite memory was when we went rock climbing and we got to repel down.
- And when we went white water rafting and got to see Nordegg. (small town near camp site)
- Another memory was when we went and seen the ice glaciers.

IF I COULD TELL OTHERS WHAT I LEARNED IT IS

That u should never give up on your education and what your passion is.

I also learned that you can learn from and with the environment and it can be a lot of fun.

I learned you can make new friends where ever you go.

I also learned why its important to keep the environment clean and how you can help to keep it clean.

THANKS FOR LETTING ME LEARN

- I want to thank Amy & TSAG & the people at the CEO Camp for my experience.
- I had fun
- I want to thank my mom & grandma for letting me go & finding the camp & helping me feel & see how important school & the environment are to me and everyone else.
- Hai Hai
