

Storage Tanks

First Nations Technical Services Advisory Group and Environment Canada (EC) will be holding afternoon workshops regarding the new ***Storage Tank Systems for Petroleum Products and Allied Petroleum Products Regulations*** (the Storage Tank Regulations) which apply to storage tank systems located on Aboriginal land and federal land.

Sessions will begin at 1:00 p.m. and end at 4:30 p.m. A coffee break will be provided from 2:30 p.m. until 2:45 p.m.

Below is an outline of the topics that will be discussed:

1. Authority of the Storage Tank Regulations
2. Purpose
3. Introduction
4. Application
5. Responsibilities
6. Critical Timelines
7. Definitions
8. Overview of Regulations
 - Identification of tank systems with EC
 - Withdrawal of leaking systems
 - Removal of 'high risk' systems
 - Mandatory compliance with technical requirements for 'new' systems
 - Leak detection for components without secondary containment
 - Containment of spills at product transfer areas
 - Emergency plans
 - Approved installers
 - Operation and maintenance requirements
 - Release reporting
 - Withdrawal from service
 - Record keeping
9. Summary
10. References/Contacts
